

Bruno Marinho

São Paulo - Brasil
+55 11 940556383

12 years of experience with application architecture and software development. My goal is simple, to try to solve a company's problems and deliver value, either by leading the development team or being part of it.

- Java Architect Fullstack and AWS (Devops).
- Management of apis (rest / soap), microservices, jobs and queues
- Leadership of agile teams (scrum, kanban) and devops culture development
- Martech (facebook / google search ads, inbound, chatbots, ab tests, GA, GTM)
- Deployment pipelines, dockerization, continuous integration and automation of tests
- Cost optimization, automation and monitoring of cloud production environments (AWS).

- Communication Development based on JMS and sockets.

Technologies used: WebSphere, WebLogic, JSF, JMS, EJB, Oracle, Hibernate, Svn, Maven.

Education

Bachelor of Computer Science - Laureate International Universities - 4 years
Computer Technician - State Technical School of São Paulo - 1.5 years

Languages

Portuguese - Native
English - Advanced

Courses

Enterprise Application Architect Java EE
Managing agile projects with Scrum
Functional Programming Principles
Principles of Reactive Programming

Clean code
The Pragmatic Programmer
Effective Java
Domain Driven Design

Events I attended

Amazon Reinvent 2017, 2018 (Las Vegas)
Qcon 2018, 2019 (São Paulo)
E Commerce Brasil 2017, 2018 (São Paulo)

Certifications

Oracle Certified Master Java EE Enterprise Architect
AWS Certified Solutions Architect Professional
Hubspot Inbound Marketing Certified
AWS Certified Solutions Architect Associate
AWS Certified Developer
Oracle Certified Professional Java EE 5 Web Services Developer
Oracle Certified Professional, Java EE 5 Business Component Developer
Sun Certified Web Component Developer
Sun Certified Java Programmer 6
Sun Certified Java Associate
